# 2. Hazard Identification

## 2.1 Classification of the substance or mixture

Carcinogenicity, category 1A Serious Eye Damage, category 1 STOT, single exposure, category 1 Skin Irritation, category 2 Skin Sensitizer, category 1

# 2.2 Label elements

# Symbol(s) of Product

Signal Word

Danger

# Named Chemicals on Label

quartz (silicon dioxide), portland cement

## HAZARD STATEMENTS

| Skin Irritation, category 2       | H315         | Causes skin irritation.  |
|-----------------------------------|--------------|--|
| Skin Sensitizer, category 1       | H317         | May cause an allergic skin reaction.   |
|                                   | H318         | Causes serious eye damage.   |
| Serious Eye Damage, category 1    | H350-1A      |  |
| Carcinogenicity, category 1A      |              | May cause cancer.  |
| STOT, single exposure, category 1 | H370         | Causes damage to organs.   |
| PRECAUTION PHRASES                |              |  |
|                                   | P201         | Obtain special instructions before use.  |
|                                   | P202         | Do not handle until all safety precautions have been read and understood.      |
|                                   | P260         | Do not breathe dust/fume/gas/mist/vapours/spray.                               |
|                                   | P264         | Wash hands thoroughly after handling.  |
|                                   | P280         | Wear protective gloves/protective clothing/eye protection/<br>face protection. |
|                                   | P284         | Wear respiratory protection.   |
|                                   | P301+310     | IF SWALLOWED: Immediately call a POISON CENTER or doctor/physician.            |
|                                   | P302+352     | IF ON SKIN: Wash with plenty of soap and water.                                |
|                                   | P305+351+338 | IF IN EYES: Rinse cautiously with water for several minutes.                   |
|                                   |              | Remove contact lenses, if present and easy to do so.                           |
|                                   |              | Continue rinsing.  |
|                                   | P307+311     | IF exposed, call a POISON CENTER or doctor/physician.                          |
|                                   | P308+313     | IF exposed or concerned: Get medical advice/attention.                         |
|                                   | P314         | Get medical advice/attention if you feel unwell.                               |
|                                   | P333+313     | If skin irritation or rash occurs: Get medical advice/attention.               |

## 2.3 Other hazards

No Information

# Results of PBT and vPvB assessment:

The product does not meet the criteria for PBT/VPvB in accordance with Annex XIII.

# 3. Composition/Information On Ingredients 3.2 Mixtures Hazardous ingredients Name According to EEC EINEC No. Classifications

Additional Information:

The text for GHS Hazard Statements shown above (if any) is given in Section 16.

# 4. First-aid Measures

## 4.1 Description of First Aid Measures

GENERAL NOTES: No Information

AFTER INHALATION: Move to fresh air. Consult a physician after significant exposure.

AFTER SKIN CONTACT: Use a mild soap if available. Wash off with soap and plenty of water.

**AFTER EYE CONTACT:** Rinse thoroughly with plenty of water, also under the eyelids. Remove contact lenses. If eye irritation persists, consult a specialist.

**AFTER INGESTION:** Gently wipe or rinse the inside of the mouth with water. Give small amounts of water to drink. Never give anything by mouth to an unconscious person.

## Self protection of the first aider:

No action shall be taken involving any personal risk or without suitable training. It may be dangerous to the person providing aid to give mouth-to-mouth resuscitation. Wash contaminated clothing thoroughly with water before removing it, or wear gloves.

## 4.2 Most important symptoms and effects, both acute and delayed

Harmful by inhalation.

## 4.3 Indication of any immediate medical attention and special treatment needed

No information available on clinical testing and medical monitoring. Specific toxicological information on substances, if available, can be found in section 11.

# 5. Fire-fighting Measures

## 5.1 Extinguishing Media:

Carbon Dioxide, Dry Chemical, Foam FOR SAFETY REASONS NOT TO BE USED: Alcohol, Alcohol based solutions, any other media not listed above.

5.2 Special hazards arising from the substance or mixture No Information

## 5.3 Advice for firefighters

None known. The product itself does not burn. In the event of fire, wear self-contained breathing apparatus. Water sprayDry powderAlcohol-resistant foamCarbon dioxide (CO2). High volume water jet. None.

# 6. Accidental Release Measures

## 6.1 Personal precautions, protective equipment and emergency procedures

Ensure adequate ventilation. Avoid dust formation. Use personal protective equipment.

# 6.2 Environmental precautions

No Information

## 6.3 Methods and material for containment and cleaning up

Pick up and transfer to properly labelled containers. No special environmental precautions required. After cleaning, flush away traces with water.

#### 6.4 Reference to other sections

Please refer to disposal requirements or country specific disposal requirements for this material. See Section 8 and 13 for further information.

# 7. Handling and Storage

## 7.1 Precautions for safe handling

**INSTRUCTIONS FOR SAFE HANDLING:** Use only in area provided with appropriate exhaust ventilation. Provide sufficient air exchange and/or exhaust in work rooms. Wear personal protective equipment. Avoid dust formation. Protect from moisture.

**PROTECTION AND HYGIENE MEASURES:** Wash hands before breaks and at the end of workday. Do not breathe dust. When using, do not eat, drink or smoke.

#### 7.2 Conditions for safe storage, including any incompatibilities

CONDITIONS TO AVOID: No Information STORAGE CONDITIONS: Keep tightly closed in a dry and cool place.

## 7.3 Specific end use(s)

No specific advice for end use available.

# 8. Exposure Controls/Personal Protection

## 8.1 Control parameters

## Ingredients with Occupational Exposure Limits

# 10. Stability and Reactivity

## 10.1 Reactivity

9.2

No reactivity hazards known under normal storage and use conditions.

#### **10.2 Chemical stability** Stable under normal conditions.

**10.3 Possibility of hazardous reactions** Hazardous polymerisation does not occur.

## **10.4 Conditions to avoid** No Information

## **10.5** Incompatible materials Do not store near acids. Strong oxidizing agents.

## 10.6 Hazardous decomposition products

No hazardous decomposition products are known.

# 11. Toxicological Information

## 11.1 Information on toxicological effects

| Acute Toxicity:            |                           |
|----------------------------|---------------------------|
| Oral LD50:                 | No information            |
| Inhalation LC50:           | No information            |
|                            |                           |
| Irritation:                | No information available. |
|                            |                           |
| Corrosivity:               | No information available. |
| O a malkimatia ma          |                           |
| Sensitization:             | No information available. |
| Repeated dose toxicity:    | No information available. |
|                            |                           |
| Carcinogenicity:           | No information available. |
|                            |                           |
| Mutagenicity:              | No information available. |
|                            | No information available  |
| Toxicity for reproduction: | No information available. |
| STOT-single exposure:      | No information available. |
| STOT-repeated exposure:    | No information available. |
|                            |                           |
| Aspiration hazard:         | No information available. |

If no information is available above under Acute Toxicity then the acute effects of this product have not been tested. Data on individual components are tabulated below:

| CAS-No.    | Chemical Name            | Oral LD50   | Dermal LD50 | Vapor LC50 | Gas LC50 | Dust/Mist LC50 |
|------------|--------------------------|-------------|-------------|------------|----------|----------------|
| 14808-60-7 | quartz (silicon dioxide) | >2000 mg/kg |             |            | 0.000    | 0.000          |

# Additional Information:

The cement contained within this product may cause dermal sensitization due to the potential presence of trace amounts of hexavalent chromium. Constituents of this product may include crystalline silica which, if inhalable, may cause silicosis, a form or progressive pulmonary fibrosis. Inhalable crystalline silica is listed by IARC as a group 1 carcinogen (lung) based on sufficient evidence in occupationally exposed humans and sufficient evidence in animals. Crystalline silica is also listed by the NTP as a known human carcinogen. This classification is relevant when exposed to Quartz (silicon dioxide) in dust or powder form only, including cured product that is subject to sanding, grinding, cutting, or other surface preparation activities. Constituents may also include abestiform or non-asbestiform tremolite or other serious lung problems. This product may contain Quartz (silicon dioxide), which is listed by IARC as a known carcinogenic to humans (Group 1). This classification is relevant when exposed to Quartz (silicon dioxide), or other surface preparation activities, or other surface preparation due to the product (silicon dioxide), which is listed by IARC as a known carcinogenic to humans (Group 1). This classification is relevant when exposed to Quartz (silicon dioxide) in dust or powder form only, including cured product that is subject to sanding, grinding, cutting, or other surface preparation activities.

# 12. Ecological Information

12.1 Toxicity:

| EC50 48hr (Daphnia): | No information |

# 13. Disposal Considerations

**13.1 WASTE TREATMENT METHODS:** If recycling is not practicable, dispose of in compliance with local regulations. Empty containers should be taken to an approved waste handling site for recycling or disposal.

| 14.  | Transport Information   |                              |
|------|---|------------------------------|
| 14.1 | UN number   | N/A                          |
| 14.2 | UN proper shipping name   | Not regulated for transport. |
|      | Technical name  | Not applicable               |
| 14.3 | Transport hazard class(es)  | NONE                         |
|      | Subsidiary shipping hazard  | N/A                          |
| 14.4 | Packing group   | Not applicable               |
| 14.5 | Environmental hazards   | None.                        |
| 14.6 | Special precautions for user  | Not applicable               |
|      | EmS-No.:  | N/A                          |
| 14.7 | Transport in bulk according to Annex II of<br>MARPOL 73/78 and the IBC code | Not applicable               |

# 15. Regulatory Information

<sup>15.1</sup> Safety, health and environmental regulations/legislation for the substance or mixture:

# U.S. Federal Regulations: As follows -

# **CERCLA - Sara Hazard Category**

This product has been reviewed according to the EPA 'Hazard Categories' promulgated under Sections 311 and 312 of the Superfund Amendment and Reauthorization Act of 1986 (SARA Title III) and is considered, under applicable definitions, to meet the following categories:

Carcinogenicity, Skin Corrosion or Irritation, Respiratory or Skin Sensitization, Serious eye damage or eye irritation, Specific target organ toxicity (single or repeated exposure)

## Sara Section 313:

This product contains the following substances subject to the reporting requirements of Section 313 of Title III of the U.S. Superfund Amendment and Reauthorization Act (SARA) of 1986 and 40 CFR part 372:

No SARA 313 substances exist in this product above de minimis concentrations.

## **Toxic Substances Control Act:**

This product contains the following chemical substances subject to the reporting requirements of TSCA 12(B) if exported from the United States:

No TSCA 12(b) components exist in this product.

## U.S. Clean Air Act:

| EPA Coating Category:        | NOT APPLICABLE |
|------------------------------|----------------|
| EPA VOC Content Limit (g/l): | N/A            |
| Product VOC Content (g/l)    | N/A            |
| Thinning Recommendations:    | N/A            |
| Application Recommendations: | N/A            |

\* As per the federal EPA definition for coating categories in 40 CFR 59.401.

\*\* Grams of VOC per liter of coating product as applied (mixture of Part A and Part B) per ASTM D2369 Method E.

# U.S. State Regulations: As follows -

## New Jersey Right-to-Know:

The following materials are non-hazardous, but are among the top five components in this product.

| Chemical Name           | CAS-No.          |
|-------------------------|------------------|
| water                   | 7732-18-5        |
| fused calcium aluminate | 65997-16-2       |
| acrylic polymer         | 18275200000-5026 |

## Pennsylvania Right-To-Know

The following non-hazardous ingredients are present in the product at greater than 3%.

| Chemical Name           | CAS-No.    |
|-------------------------|------------|
| water                   | 7732-18-5  |
| fused calcium aluminate | 65997-16-2 |

#### California Proposition 65:

WARNING: Cancer - www.P65Warnings.ca.gov

WARNING: Reproductive Toxicant -- www.P65Warnings.ca.gov

# International Regulations: As follows -

## \* Canadian DSL:

All chemical ingredients included on inventory or exempt.

## 15.2 Chemical Safety Assessment:

No Chemical Safety Assessment has been carried out for this substance/mixture by the supplier.

# 16. Other Information

## Text for GHS Hazard Statements shown in Section 3 describing each ingredient:

| H315 | Causes skin irritation.              |
|------|--------------------------------------|
| H317 | May cause an allergic skin reaction. |
| H318 | Causes serious eye damage.           |
| H335 | May cause respiratory irritation.    |
| H350 | May cause cancer.                    |
| H370 | Causes damage to organs.             |

## **Reasons for revision**

Substance Hazard Threshold % Changed Revision Statement(s) Changed

This Safety Data Sheet (SDS) has been revised to meet updated national hazard communication standards which have adopted the provisions of the UN GHS system. There have been both formatting and content changes based on the GHS classification (if applicable), Please review each section of the SDS for specific changes. This Safety Data Sheet (SDS) has been revised to meet the new EU CLP requirements. There have been both formatting and content changes based on the CLP classification (if applicable), please review each section of the SDS for specific changes.

#### List of References:

This Safety Data Sheet was compiled with data and information from the following sources:

- The Ariel Regulatory Database provided by the 3E Corporation in Copenhagen, Denmark.
- Joint Research Centre in Ispra, Italy.
- Regulation (EC) 1272/2008 with subsequent amendments.
- Regulation (EC) 1272/2006 with subsequent amendments.
- Commission Regulation (EU) 2020/878
- EU Council Decision 2000/532/EC and its Annex entitled "List of Wastes"
- Safety Data Sheet from raw material supplier
- The classification of the product is based on the calculation methods set out in Annex I and Annex II of the CLP Reg. 1272/2008 on the exact composition of the formula
